

**Texans for a Republican
Majority**

MEMORANDUM

To: Boone Pickens

**From: Dianne Delisi
State Representative**

Thank you for agreeing to take time on Friday to visit with me by phone. In advance of our call, I wanted to provide you with some information on some of the targeted races TRMPAC is working on and give you a brief background on what we have done thus far.

After last legislative session, I, along with Railroad Commissioner Tony Garza, Senator Florence Shapiro, Bill Ceverha and others got together and decided that we need to get a head start on helping in these legislative races. House Majority Whip Tom DeLay agreed to help us and has been an ardent advocate for us by raising money, making phone calls, serving as a special guest at events and providing assistance with leading strategists. We are proud to say our efforts are working and in just a few short weeks we hope to see the fruits of our labor.

We have just a few more weeks until Election Day and I am calling because we desperately need your guidance and assistance with some if not all of these races.

I look forward to going into a more detail over the phone. Should your schedule change for Friday, please call me or Susan Lilly at 512-477-7722.

I would say Dow Chemical (they have a big asbestos problem), other cos with asbestos problems include Sam Heyman, Owens Illinois (Dan Stein big dem), Halliburton I believe too.

Other general supporters of tort reform in TX would be AMA, doctors groups, hospitals.

I hope this helps

I finally have the 2 checks from Rallant. Will deliver to TD next week probably

DeLay will want to see a list of attendees for this event. After today, I will be unavailable to pick up lists from my email, so if you don't have a finalized list by today, have that on the ground in Austin for TD upon his arrival. Warren and John- Susan said you guys both have your list of attendees. If you could get together w/ her to have a final list, that seems to be the best route to go. Any questions, give me a ring. Susan,

Excellent planning and execution from everyone. Reliant's check is
in DC. It

will be presented to Tom this week along with an ARMPAC check form
a

consultant supportive of our efforts.

I am confident we will be successful in this history making endeavor.

Warren

John,

Contact is John Shaw who works in the office of Secretary. Said they would look at giving us a date in late Oct. early Nov. or after the election. His message to me seemed quite sincere at helping out in any way they could to support Congressman DeLay. I would put together a letter that focus's on TRMPAC and DeLay's role as well as the strong energy support in Texas from local, regional, and national companies. I believe they will be responsive. Also, list where you would like him to go. I am sure after they receive this they may want more specifics. Will give that to them afterwards. John's phone number is 202-586-1293, fax letter to: 202-586-7210.

Importance: High

Would one of you take the task of calling James Jonas, thanking him for his hard work, and encouraging him to get his calls done for the event next Monday? He needs a push -- please tell him how important he is and how important this is to TD.
